

Why These Pictures Are Upside Down

Katelyn said to me, "Dad, when we write the book, can I do the pictures?"

"What kind of pictures?" I asked.

"I would take a picture of our house at 301 Holly Hill Road and I would turn it upside down and I would take our family photo of Ryan's First Communion, and I would turn it upside down....because that is what our lives have felt like since this all happened...everything has felt upside down."
